

Generic Format

CSRDS support a number of automation system metadata formats and some systems allow for a user definable output. To support this function the Generic format option can be used. This is an open format that is not case sensitive and will parse the metadata as long as the data is labeled. The following is a list of label that can be used to format data for CSRDS.

Field	Label	Sample	Notes
Album	<Album></Album> <Albumname></Albumname> <Album_Title></Album_Title> Album="" Album=<CRLF>	<Album>Best Of CCR</Album> <Albumname>Best Of CCR</Albumname> <Album_Title>Best Of CCR</Album_Title> Album="" Album=Best Of CCR	Optional
Artist	<Artist></Artist> <Artistname></Artistname> <Interpret></Interpret> Artist="" Artist=<CRLF> Artist1="" Artista Name="" Artist Name="" Arti=""	<Artist>Garth Brooks</Artist> <Artistname>Garth Brooks</Artistname> <Interpret>Garth Brooks</Interpret> Artist="" Artist=Garth Brooks<CRLF> Artist1="" Artista Name="" Artist Name="" Arti=""	Required, if not included event is ignored
Category	<MusicID></MusicID> <Category></Category> Category="" Cat=<CRLF> Type="" <CartType></CartType> <Group></Group> <Categoryname></Categoryname> <CategoryCode></CategoryCode> <TitleID></TitleID> <Folder></Folder>	<MusicID>MUS</MusicID> <Category>Music</Category> Category="" Cat=SPOT<CRLF> Type="" <CartType>MU3</CartType> <Group>ROCK</Group> <Categoryname>DISCO</Categoryname> <CategoryCode>Country</CategoryCode> <TitleID>303</TitleID> <Folder>XMAS</Folder>	Required, if not included Music is assumed
Composer	<Composer></Composer> Composer="" Composer Name=""	<Composer>Beethoven </Composer> Composer="" Composer Name=""	Optional
CutID/Cart	<Cart></Cart> <Cartnumber></Cartnumber> <Cut></Cut> <CunID></CutID> Cart="" <Number></Number> <TitleID></TitleID> <ID></ID> ID="" CODICEA Name="" Cut=""	<Cart>12345</Cart> <Cartnumber>12345</Cartnumber> <Cut>12345</Cut> <CunID>12345</CutID> Cart="" <Number>12345</Number> <TitleID>12345</TitleID> <ID>12345</ID> ID="" CODICEA Name="" Cut=""	Optional Used to link on-air event to specific message. Required by some devices and services. If not included it will be generated based on artist and title.
Duration	<Duration></Duration> <Length></Length> <ItemDuration></ItemDuration> Duration="" Runtime="" Length="" Length=<CRLF> DUR="" <Time></Time>	<Duration>03:45</Duration> <Length>280</Length> <ItemDuration>280000</ItemDuration> Duration="" Runtime="" Length="" Length=210<CRLF> DUR="" <Time>02:33</Time>	Required, if not included 04:30 is used

Field	Label	Sample	Notes
Status	<Stack_POS></Stack_POS> <Position></Position> <Status></Status> <Entry Event></Entry Event> Status="" <Item Sequence></Item sequence> Play Index=""	<Stack_POS>0</Stack_POS> <Position>0</Position> <Status>Playing</Status> <Entry Event>0</Entry Event> Status="QUED" <Item Sequence>0</Item sequence> Play Index="0"	Required, if not included Playing assumed
Title	<Title></Title> <SONGTITLE></SONGTITLE> <TITLENAME></TITLENAME> Title="" Title=<CFLF> "BRANO NAME="" Sing="" Songtitle="" Songtitle=<CRLF>	<Title>Proud Mary</Title> <SONGTITLE>Proud Mary</SONGTITLE> <TITLENAME>Proud Mary</TITLENAME> Title="Proud Mary" Title=Proud Mary<CFLF> "BRANO NAME="Proud Mary" Sing="Proud Mary" Songtitle="Proud Mary" Songtitle=Proud Mary<CRLF>	Required, if not included event is ignored
